Ed Torres, CEO
Environmental Service Professionals, Inc.
1111 E. Tahquitz Canyon Way
Palm Springs, California 92262

Dear Mr. Torres:

On behalf of the National Association for Moisture Management (NAMM) I am pleased to submit this letter to you, for the purpose of endorsing your Certified Environmental Home Inspector (CEHI) program, the Annual Mold and Moisture Maintenance (MMM) program for homeowners and the National Builder Moisture Maintenance program.

Your programs were developed to prevent water intrusion and moisture problems; protect the insurance, lending and building industries from liability and the consumer against unhealthy living conditions; and to promote a greater standard of living at a reasonable cost with annual preventive maintenance programs.

NAMM's goal is to provide moisture/mold solutions in support of insurance companies, mortgage bankers, builders, realtors and the general public, and become the nation's leading source of education and training for those stakeholders interested in moisture management. NAMM's "Partnership for Prevention" with ESP, Inc. will be one more positive step in preventing, protecting and promoting for all stakeholders in this very important issue.

Sincerely,

Rick LaPierre
President
